Scientific Journals - Call for Papers

Dear Friends:

Do you have research results, scientific opinions or review papers to be published? The international academic journals “The Journal of American Science”, “Nature and Science”, “Life Science Journal”, “Report and Opinion”, “Researcher”, “Stem Cell” are inviting you to publish your papers. Please visit <http://www.sciencepub.net> and send your manuscript to sciencepub@gmail.com.

As the formal academic journals, they are registered in the United States and opened to the globe.

If you have anything including reports and review papers to be published, it is a good chance. At least it is better than letting your precious reports sleep in your drawers. If you have some friends for this, let them contribute papers also. Let's work together to promulgate our research results/opinions, to do what we can do.
